Please recognize that these data are considered preliminary until they are included in the report and it goes through peer, QA, and admin review. However, we wanted to get you the data once we felt it was ready for your review. I am out of the office after today and return on Sept 10th. If you have questions, I suggest attending our mtg on the 11th. If you can forward us your questions ahead of time, that way we can respond more efficiently.

Kind regards-

Susan T.
